# Greenback Boogie (OST Suits)

## Ima Robot

See the money wanna stay
For your meal
Get another piece of pie
For your wifeEverybody wanna know
How it feel
Everybody wanna see
What it's likeFor baby wanna be a queen
Well alright
We all deserve the finer things
In this lifeSo working on a little job
In the night
That's forty dollars an hour when I
See the lightThe boss said I look tired
I don't mind
He'll be working in a small box
'Til he dieFor me I gotta be free
All my life
I want a little cream cheese
In my pieAlrightYeah!
All that time for you know that's
The greenback boogie
The motherfucking boogieNow puttin' on a big wig
Walkin' hall
Hanging with them big pigs
Huff and tossGot me a couple ideas straight from God
I want a bean pie
Order me a bean pie
I'll even eat a bean pie
I don't mind
Me and Missy is so early busy busy makin' moneyAlrightAll step back, I'm 'bout to dance
The greenback boogie
The greenback boogie
Boogie now for meHey!Say it's more better
When you give it away
It's called the greenback boogie
What people don't say now, I'll sayIt's better
When you give it away
It's called the greenback boogie
Don't give it all away now, I'll sayIt's better

When you give it away
It's called the greenback boogie
Don't give it all away now, I'll saySee the money wanna stay
For your meal
Or say it's gonna put some love
In your lifeDon't ya really want to know
How it feel
Everybody wanna see
What it's likePeople wanna be inside
It ain't lies
We all know there's better things in this lifeYes I'll step out for your last dance
On the greenback boogie
Motherfucking boogie
Boogie oogie oogie
Greenback boogieC'mon back to paradise
C'mon back to
C'mon back to paradise
C'mon back toIt's the greenback boogie
It's the greenback boogie
Don't give it away now
Don't give it all away now, I sayIt's better
In the greenback boogie
Don't give it away now
Don't give it all away now, I sayIt's better
It's the greenback boogie
Don't give it all away now
