

Not Without You (feat. Maskerade)

[Doug Crawford](#)

Baby listen Your the girl that stole my heart
The moment I looked at you
I knew that it would be the start of something real beautiful
Having you in my life going threw the ups and downs
Looking back i realized I never could have done with out you
Not without you, I never couldve have done without you
Not without you, I never couldve have done without you I never had an idea where this was headed
I just saw the beauty in you, & that you get enough credit
So I Lied on my back & wished on a Star
Then threw coincidence & fate There you are
I never asked for it, only accepted what felt real
Now I'm easily dismissed, When I tell you how I feel
If I'm not true to you then I'm not true to me
I've sworn to never again would i let a girl ruin me
But the circumstance are different when ur falling in love
One of hardest things I've ever had to admit
I never win an argument u push comes to shove
Got the heart of lion & don't know how to quit
These mere moments at time can seem like forever
Ur still with me even at times were not together
Biggest changes that I've made & the next ones I'm about to
I could not do it without you Your the girl that stole my heart
The moment I looked at you
I knew that it would be the start of something real beautiful
Having you in my life going threw the ups and downs
Looking back i realized I never could have done with out you
Not without you, I never couldve have done without you
Not without you, I never couldve have done without you At this point both been threw 2 much
Plus u got the perfect lips softest touch
Whatever it takes, 4 u I lost my crutch
And now a days we don't seem to talk as much
It is what it is what can I really do
Should've listened when u told never to fall for you
I was Blinded by the light I jumped right in
Flashbacks Of the pool & what might of been
I was taken by surprise I swore I ld never let it break again
If its ending this way why DId it begin
Sometimes things don't always go as part of the plan
You just try as hard as u can Your the girl that stole my heart

The moment I looked at you
I knew that it would be the start of something real beautiful
Having you in my life going threw the ups and downs
Looking back i realized I never could have done with out you
Not without you, I never couldve have done without you
Not without you, I never couldve have done without you
