

# Are You With Me?

Vaux

There will come a time  
They will pull you out  
It's too late to change your mind  
Off the record, I've been saying  
Cut the cord that's hanging you  
On the record, information  
Pretty soon they're selling you  
Are you with me  
Nothing to trust in  
You have the answers?  
What are the questions  
Are you with me  
Are you with me now  
One's in your class  
One's a relative  
They're just getting started  
One waits in line (put you on)  
One in the next car (put you on)  
Off the record, I've been saying  
Cut the cord that's hanging you  
On the record, information  
Pretty soon they're selling you  
Are you with me  
Nothing to trust in  
You have the answers?  
What are the questions  
Are you with me  
Are you with me now
