

# Cenotaph

## Derogatory DeathMetal

Cenotaph Alone you stand  
The final parody  
Destined to silence  
A memorial to mortality Carved in stone  
A tribute to the dead  
For nameless victims  
Whose litany is unread Never forgotten  
Wars memory lingers on  
A dark reminder  
To mankind's oblivion This solemn image  
Constructed with resolution  
A monument  
To wars terminal conclusion Cenotaph
