

# Nobody's Playing

## Lisa Germano

These are your secrets  
Hidden inside  
Wherever you go  
Wherever you hide  
Nobdy's playing  
Nobdy knows  
Circles and circles  
Places to drown  
All that you feel  
Is you're going down  
Everyone's wondering where you are  
Circles and circles  
Holding you down  
All that you see  
Is you're not around  
Somebody knows  
How this feels  
Nobdy's playing  
No one comes near  
No one can tell you  
What you won't hear
