

# Mooseman's Jukebox

## Millencolin

Take warning, Boxer, I threw it all away  
She tags along, I'm only sleeping, can't make me stay  
Time after time, Bob, get it right  
Let's go, Duncan, dress you up, blindfold  
Talk to me, Shandie, the first part as we're told  
Oh sister, panic, one more night, rip it out  
'Cause I believe in Kingwood days  
Help me hold my feelings longer  
Kingwood days, make me stronger and alive  
Down in the valley, old friend, microphone  
Change all ideas, my poor brain, monochrome  
Rats in the hallway, soul on ice  
Only in dreams, mind games live to tell  
There'll be no teardrops tonight, Wheeler, silver bells  
Ten minutes, welcome to paradise, paralyzed  
'Cause I believe in Kingwood days  
Help me hold my feelings longer  
Kingwood days, make me stronger and alive  
So all these words, do they have a meaning?  
It's all in vain to try to read between the lines  
But here's a hint, S T E R E O  
From all I print, I guess there are one or a few you know  
You know  
'Cause I believe in Kingwood days  
Help me hold my feelings longer  
Kingwood days, make me stronger and alive  
'Cause I believe in Kingwood days  
Kingwood days, Kingwood days  
Make me stronger and alive
