

# Strip for You

R. Kelly

Hey baby  
What you doin'?  
Well, stay there  
I got a surprise for you  
I'm on my way over Suddenly I feel like I wanna break loose  
Jump in my six and come and see you  
Girl, I'm gonna do something that's brand new  
Umm, I got a kinky surprise for you So girl get ready 'cuz I'm on my way  
Put your sexy body in some negligee  
And if you feel me, let me know it right now  
Baby, this is how it's all goin' down There'll be  
Three knocks at the door, my baby  
My trench coat hits the floor, my baby  
Sit back in the chair, my baby  
'Cuz I'm about to go there, my baby  
And get your body real open, baby  
Do what you been hopin', baby  
Tonight I'm gonna pull a switcheroo  
Do you mind if I strip for you? I'm a stop and get some gas, my baby  
That gives you time to freshen up, my baby  
And if you want, just leave the door unlocked  
I'll be creepin' in 'bout twelve o'clock So turn the telephones off, my baby  
No interruptions while I'm drivin' you crazy  
Girl, I want you to know tonight is yours  
Start in the bed and end up on the floor There'll be  
Three knocks at the door, my baby  
Trench coat hits the floor, my baby  
Sit back in the chair, my baby  
'Cuz I'm about to go there, my baby  
And get your body real open, baby  
Do what you been hopin', baby  
Tonight I'm gonna pull a switcheroo  
Do you mind if I strip for you? Baby, watch this  
Slowly rollin'  
For you  
Whatever you want me to do  
I will do  
Girl, I promise  
Will not regret

I'm everything that you ever wanted  
I'm a strip to the bone  
And just let you get on it, girl! Three knocks at the door, my baby  
My trench coat hits the floor, my baby  
Sit back in the chair, my baby  
'Cuz I'm about to go there, my baby  
And get your body real open, baby  
Do what you been hopin', baby  
Tonight I'm gonna pull a switcheroo  
Do you mind if I strip for you? Three knocks at the door, my baby  
My trench coat hits the floor, my baby
