Figure It Out

[Serj Tankian](#)

Why pretend that we don't know
CEOs are the disease
Freedom is raped by war like whore
like technology
Technology, technology of
materialism
Personal freedom only an
obstruction
Freedom is raped by war like whore
like technology
Technology, technology of
materialism
Personal freedom only an
obstruction
Why pretend that we don't know
CEOs are the disease
Fuck, let's figure it out, no bullshit
Fuck, let's figure it out, no bullshit
Fuck, let's figure it out
Fuck, let's figure it out
Freedom is raped by war like whore
like technology
Technology, technology of

Personal freedom only an
obstruction
Fuck, let's figure it out, no bullshit

Control ordinary behavior through
political extremism
Industrial society is the archenemy
of nature
Including human nature
The unthinking majority should
just not be
Condemned, Condemned
CEOs are the disease

Why pretend that we don't know
CEOs are the disease
CEOs are the disease
CEOs are the disease
Fuck, let's figure it out!
