Nothing At All

GoodFellaz

I suppose
For a man like me
To be the love of your life
That to lot to ask
But some how
I feel the the vibe
So here I am
Hey baby
Will the tables turn
The fear of getting burned
Your hands been cold

I want everthing, or nothing at all
At all, every every everything
What am I to do
Made me fall for you
I want everything, or nothing at all

I may be wrong
I been wrong before
But I wont be your fool
Not for you this time
There some things
Im not putting me through
So here I stand
Hey baby
With alot to lose
But I wanna see the truth
Through your walls

I want everything, or nothing at all
At all, every every everything
What am I to do
Made me fall for you
I want everything, or nothing at all

You told me you love me
You told me you need me
I hear the words that you say what you need to do
Im tired of feeling

There's nothing more to believe in
I wont live for you(you) to(to) break(break) my(my) heart
Dont break my heart, dont break my heart
No no
So here I am, so here I am
Hey baby, aww baby
Will the tables turn
And the fear of getting burned
Your hands been cold

I want everything, or nothing at all
At all, every every everything
What am I to do
Made me fall for you
I want everything or nothing at all
(Repeat Chorus)

Nothing at all
Nothing at all
Nothing at all
