

# If You Could Read My Mind

## Bobby "Blue" Bland

If you could just read my mind  
Then you'd know what I'm going to do  
Whoa, if you could look into the future You'd see me being used  
You'd see me movin', whoa-oh, on down the line  
If you could just read my mind If you could just read my mind  
Then you'd know just how I feel  
Ooh, it ain't easy lovin' you so much  
When I know your love is not real You'd see me moving  
Whoa-on down the line  
If you could just read, just a-read my mind You'd think that everything is alright  
Just because you see me smile  
Oh, oh, if you could look into the future  
You'd see me counting every lie You'd see me movin', whoa-oh, on down the line  
If you could just read my mind Why don't ya come on, an-a read my mind, baby?  
You don't need a book to read my mind, no-no  
Ooo, just read my mind
