

# Dead Sun Rising

Gary Numan

We come; we go; we can remember "The Dark"  
No songs; no words; just whispers that wait for you to sleep  
And when you dream, we'll come for you and breathe in your pain  
We've seen such things (and) hide them from you and so keep you pure I've seen gods bleeding  
I've seen worlds burn  
I've seen stars falling  
And I've seen a dead sun rising We live, for you  
We keep you safe  
We keep you unknown  
We die, for you  
Like rain we fall until you are born We are the lost  
Without you we are all that was wrong  
We are the last  
Without you we are the sigh in the wind
