

# Told Ya

## Mystery Skulls

We've been drivin' day and night  
On the run for our lives  
Are you for real?  
Thought I told ya not to fuck with me(Ooh)  
(Thought I told ya not to fuck with me)  
Never shown you this before; (mmm, mmm)  
But I think it's you they're lookin' for. (Uh)  
And the world's right at our door (mmm, mmm, mmm)  
I just saw my life flash back before my eyes Drivin' day and night  
On the run for our lives  
Are you for real?  
Thought I-  
Guess we'll keep drivin' day and night  
On the run, stay alive  
This is for real  
Thought I told ya  
Stop fuckin' with me  
(Fuckin' wi-)  
(Stop fuckin' wi-)  
(Stop fuckin' with me)
