

Friday Night

[Eric Paslay](#)

I don't wanna be your Monday morning heading back to work
Stuck in traffic going slow, nothing on the radio
I don't wanna be another chore to check off on your list
Of things you gotta do and places that you gotta go, oh no I wanna be your Friday night sweet ride
Summertime sunshine barefoot in the moonlight
I wanna be your jackpot hot spot
Wide open road in a candy apple rag top
I wanna set you free, I wanna take you high
I wanna be, wanna be your Friday night
Oh your Friday night We can rock together, let the good times roll forever
Fill up our cup make a memory, drink it up
I don't wanna miss another minute, wanna live it with you
Beneath the blue sky fallin' in love I wanna be your Friday night sweet ride
Summertime sunshine barefoot in the moonlight
I wanna be your jackpot hot spot
Wide open road in a candy apple rag top
I wanna set you free, I wanna take you high
I wanna be, wanna be your Friday night
Oh Friday night I wanna be your lemonade in the shade
Money in your pocket cause you just got paid babe I wanna be your Friday night sweet ride
Summertime sunshine barefoot in the moonlight
I wanna be your jackpot hot spot
Wide open road in a candy apple rag top
I wanna set you free, I wanna take you high
I wanna be, wanna be your Friday night
Oh your Friday night
Hey, your Friday night
Hey, your Friday night
Your Friday night
