Country Boy

[Muddy Waters](#)

Don't say I don't love you
Because I stays out all night longDon't say I don't love you
Because I stays out all night longYou know I'm a country boy
And I don't know what's going onDon't say I don't love you
Because I will never treat you rightDon't say I don't love you
Because I will never treat you rightI may be a country boy
But I will always treat you rightYou know I'm a country boy
And I just love to stay out all night longYou know I'm a country boy
And I always will never treat you rightYou know I'm a country boy
And I always will never treat you rightYou know I'm a country boy
And I just love to stay out evrey night
