

(Love Me Like Music) I'll Be Your Song

Heart

These have been quiet days, when was the last time I wanted to sing?
Last few dying days hanging on, what will they bring?
Even you and me we keep coming apart and it's a wrong, wrong thing
We gotta look right at each other and say it
Turn on the radio and you play it and fall in love again Can you feel the light shine? You know this song's yours
and mine
Ain't it good to know you've got a place to go where the melody's fine?
Sometimes I'm not so strong and even now I could be wrong
But if you love me like music I'll be your song Lately the day's been gray and time's been hard
Man up in town putting everybody down, watch him play his card
When you get free come on home to me, I'm gonna lay it down
We got love, we've got to feel it and show it, make each other really know it
And fall in love again, we've gotta friends Can you feel the light shine? You know this song's yours and mine
Ain't it good to know you've got a place to go where the melody's fine?
Sometimes I'm not so strong and even now I could be wrong
But if you love me like music I'll be your song
Love me like music and I'll be your song
