

# On An Island

## The Ordinary Boys

While we float on this mortal sea  
We wear our colours so heroically  
Were only living on G and T  
Everyone else is just a refugee  
Ah I wake up, I'll take up  
It's about time for a shake up  
When pride is blind you know  
We're only stuck in second gear  
So wrap up, never give up  
It's about time to deliver  
Without the man who drives you  
You know I'm staying in

[Chorus:]

Were on an island in the sea  
Were on and island we never leave [Repeat: x1]

Well we feel subsequent resent  
And overseas we like to represent  
Cause nothing but embarrassment  
We had nothing but our good intent

Ah I wake up, I'll take up  
It's about time for a shake up  
I'm talking loud, that doesn't mean  
You can't be understood  
So wrap up, never give up  
It's about time to deliver  
I think it's about time  
We got to meet the neighborhood

[Chorus]

Were on an island in the sea  
Were on and island we never leave [Repeat: x3]
