Let Her Go

Cheap Trick

Heads down, buried in the sand
She's back now, I better wash my hands
She talks like a man gettin' higher than I can
Lovin' me when I'm in a rock band
(Let her go)She's livin' in shadows
Waits there in the shadows tonight
And sleeps on a bed of nails
(Let her go)Close the window, it's time to shut the door
Say a prayer now, and get down on the floor
There's a howlin' wind blowin' through my brain
Movin' in slow, just like the hurricane
(Let her go)She's livin' in shadows
Waits there in the shadows tonight
And sleeps on a bed of nails
Let her goOww, let her go
Go, let her go
(Let her go)She can't fall in love
Her heart cold as ice now
Let her goShe can't cry for love
There's no tears left inside for one to show
(Let her go)She waits in the shadows tonight
And sleeps on a bed of nails
(Let her go)She's living in shadows
Waits there in the shadows tonight
And sleeps on a bed of nails
(Let her go)Yeah, let her go
Go, let her go
(Let her go)
Aah
