Baby Mama Love

N2U

What's upI don't know why, but I keep going back
Knowin' damn well that I shouldn't be doin' that
'Cause I ain't doin' nuthin' but makin' it worse for me
And I ain't doin' nuthin' but makin' her thirst for meDis thing here, I can't shake man
It's a hard mutha thing to break man
We fuss, we fight then I'm spend tha nite
I know it ain't rightBaby mama love
See I be damn if I let my son
Call another man Daddy
And if you feel like I feelThat's baby mama love
I don't wanna be with her
But I just can't stand to see her with nobody else
I know it's bad but I can't help myselfBaby mama love
See I be damn if I let my son
Call another man Daddy
And if you feel like I feelThat's baby mama love
I don't wanna be with her
But I just can't stand to see her with nobody else
I know it's bad but I can't help myselfBaby mama love
Went to da crib, did what we did, 'til about 6 in da mornin'
Wasn't thinkin' 'bout havin' no kids
Just thinkin' 'bout gettin' in it on and on and on and on and onThat's how I got where I'm at, right now
Lemme take it back, right now, let's goShe was there for me everytime I needed
Even when I got a lil' lonely
Wasn't even like she was my girl
She was more like my little homieGet deeper, deeper, then you'll never know
Sometimes you lose control
Hardest thing to get about your system is thatBaby mama love
See I'll be damn if I let my son
Call another man Daddy
And if you feel like I feelThat's baby mama love
I don't wanna be with her
But I just can't stand to see her with nobody else
I know it's bad but I can't help myselfBaby mama love
See I be damn if I let my son
Call another man Daddy
And if you feel like I feelThat's baby mama love
I don't wanna be with her
But I just can't stand to see her with nobody else

I know it's bad but I can't help myself, baby mama loveOh Lord, it's gettin' crucial, and bein' truthful
I don't understand it, why I just won't have itHave her out with anotha out in tha bar
My son with anotha in tha car
Girl you ain't gonna play me
Like I'm just gonna be toleratin' dis and payin' datSee I pay da bills, I take da phone
If I catch you here again, homie we gon have a problem
Let it be known, I might not stay here but this is my home
Leave it alone, 'cause this child is my baby
No if and buts or maybes, girl you gon drive me crazy with thisBaby mama love
See I'll be damn if I let my son
Call another man Daddy
And if you feel like I feelThat's baby mama love
I don't wanna be with her
But I just can't stand to see her with nobody else
I know it's bad but I can't help myselfBaby mama love
See I be damn if I let my son
Call another man Daddy
And if you feel like I feelThat's baby mama love
I don't wanna be with her
But I just can't stand to see her with nobody else
I know it's bad but I can't help myself, baby mama loveBaby mama love
See I be damn if I let my son
Call another man Daddy
And if you feel like I feelThat's baby mama love
I don't wanna be with her
But I just can't stand to see her with nobody else
I know it's bad but I can't help myselfBaby mama love
See I be damn if I let my son
Call another man Daddy
And if you feel like I feelThat's baby mama love
I don't wanna be with her
