## Ghost Town

Advisory - the following lyrics contain explicit language:

got a bottle in hand  
full throttle  
i'm back again  
all the lives that i've wasted  
this cycle will never end  
got a picture of you  
and the life that we knew  
now the thoughts of your body is hauntin' me  
it's all a showi got a place for the wicked to go  
got a mindset that nobody knows  
now this evil is taking control  
and where's our freedom now  
in a place we never wanted to be  
taking all my love away from me  
soon we'll take it to the fuckin' streets  
and take back our libertyyou're a monster  
nobody wants her  
but me  
so sharpen your teeth  
makes it easier to bleed  
and I'm losing my mind  
in the middle of the night  
when I'm hearing your screams  
and you're dead asleep  
it's all a show  
got a place for the wicked to go  
got a mindset that nobody knows  
now this evil is taking control  
and where's our freedom, where's our freedom now  
in a place we never wanted to be  
taking all my love away from me  
soon we'll take it to the fuckin' streets

and take back our libertytake back our liberty!take back our liberty!take back our liberty!  
look what you've done to us...look what you've done to us...look what you've done to us...look what you've  
done to us...look what you've done to us...you've taken all my love away from meyou've taken all my love  
away from me  
so we'll take it to the fuckin' streets  
i hope to god that you're in love with me  
now i'll drink myself slowly to sleep  
to the sweet thoughts of you and me
