Deep Six

Rev Theory

Deep six come to bare, good night and take care
Who knows maybe our luck could change
Polyurethane people live in the rain
Who knows maybe our luck could change
And I don't know where you think you are
And I don't know, pretend to know, I don't know
Where you think you are
Big crash, funny car
Is where you've been, where you are?
Think fast and kill what you cannot change
Still though this is fun find a box when I'm done
Who knows maybe my luck could change
And I don't know, I don't know, I don't know
Where you think you are
And I don't know, pretend to know, I don't know
Where you think you are
Deep six come to bare it's midnight everywhere
Who knows, who knows
Polyurethane people live in the rain
Who knows maybe our luck could change
And I don't know, I don't know, I don't know
Where you think you are
And I don't know, pretend to know, I don't know
Where you think you are
