

# Hateful

## Gurd

She is livin' far away from a lonely man  
In the San Francisco Bay  
He is dreamin' hard of a girl all clad in bad plaid  
And mad at the whole worldAll her friends, they are blessed  
Impressed, intelligent freaks  
All of them are six feet tall  
All of them are hateful to meShe sleeps alone and wet with her phone  
In her face, all tied up in her old bed  
She walks alone everyday up and down  
The rainy streets in her own weird wayAll her friends, they are blessed  
Impressed, intelligent freaks,  
All of them are six feet tall  
All of them are hateful to meHateful, yeah they're hateful to me  
Getting very hateful
