

Battle Cry (feat. Jussie Smollett)

Empire Cast

Oh
I fought this fight before
And lucked up on a win
My bravery done failed
My opposition failed
But now they're back again And all of my fears
And all of my doubts
Are lacing their boots
And grabbing their guns
The war is on now
Ooh And they're marching in
Ooh
And they're marching in
Ooh
And they're marching in
Ooh, I can hear the battle cry
At war with my heart and mind
And they're marching in
Ooh
Woah, ooh Fear inside my brain
I'm terrified
And doubt takes over love
I'm paralyzed
Ooh, darkness drowns the light
But I won't lose this fight
No giving in, no giving out
No Even though all of my fears
And all of my doubts
Are outside my door
Ready for war
Right here and now, oh And they're marching in
Ooh
And they're marching in
Ooh
And they're marching in
Ooh, I can hear the battle cry
At war with my heart and mind
And they're marching in
Ooh I refuse to lose this battle

Let whatever come my way
I am stronger than my rival
No I will not fall today I refuse to lose this battle
Let whatever come my way
I am stronger than my rival
No I will not fall today I refuse to lose this battle
Let whatever come my way
I am stronger than my rival
No I will not fall today I refuse to lose this battle
Let whatever come my way
I am stronger than my rival
No I will not fall today And they're marching in
Ooh
And they're marching in
Ooh
And they're marching in
Ooh I can hear the battle cry
At war with my heart and mind
And they're marching in
Ooh
Woah, ooh
