

Remember

Disturbed

Sensation washes over me
I can't describe it
Pain I felt so long ago
I don't remember
Tear a hole so I can see
My devastation
Feelings from so long ago
I don't remember Holding on, to let them know
What's given to me
To hide behind
The mask this time
And try to believe Blind your eyes to what you see
You can't embrace it
Leave it well enough alone
And don't remember
Cut your pride and watch it bleed
You can't deny it
Pain you know you can't ignor
I don't remember Holding on, to let them know
What's given to me
To hide behind
The mask this time
And try to believe Blind your eyes to what you see
You can't embrace it
Leave it well enough alone
And don't remember
Cut your pride and watch it bleed
You can't deny it
Pain you know you can't ignore
I don't remember If I can
Remember
To know this will
Conquer me
If I can
Just walk alone
And try to escape
Into me
