Do You

The Color Red

I think it's time
You should know me
And how I feel today
But it's hard to tell you
So hard to think straightHow does it feel
I don't know
Why do you do this
Do youOnly one time
Will you hear me
Louder won't feel the same way
And it's hard to live here
So hard in this spaceHow does it feel
I don't know
Why do you do this
Do you feel this
Do youI'm sorry I left here
Why do you do thisDo you feel this
Do you feel this
Do you feel this
Do you
