

# Do You

## The Color Red

I think it's time  
You should know me  
And how I feel today  
But it's hard to tell you  
So hard to think straightHow does it feel  
I don't know  
Why do you do this  
Do youOnly one time  
Will you hear me  
Louder won't feel the same way  
And it's hard to live here  
So hard in this spaceHow does it feel  
I don't know  
Why do you do this  
Do you feel this  
Do youI'm sorry I left here  
Why do you do thisDo you feel this  
Do you feel this  
Do you feel this  
Do you
