

# Someone New

Advisory - the following lyrics contain explicit language:

I can love you desperately, though your love ain't guaranteed  
Oh, I wish you knew the deal, gotta learn from far away  
    And I simply needed space  
    Space for me to be,Â and I think you need it too  
    Though I know you call me selfish for assuming  
        I did this for you too,  
        You still got me around your finger  
        Even though I'm far away  
    Please, believe me when I say!Everything I do,  
        I'm gonna think of you  
        Don't know what else to do  
        You got me, you got me, baby  
        Everything I make,  
        I only make for you!  
        Baby, be patient for me  
    And please don't fall in love with someone new  
I promise, one day I'll come back for youOh, you say you hate me now,  
    And you burn me with your words  
        Callin' me a fool  
        Saying that I've fucked up  
    Everything,Â and you'll never forgive me  
        Though I'm doin' this for you  
    Baby, can't you see if there is such a thing  
    Of loving someone so much that you need  
        To give them time to let them breathe  
        But you don't understand,  
        I wish you understood  
    Oh, I hope one day you doEverything I do,  
        I'm gonna think of you  
        Don't know what else to do  
        You got me, you got me, baby  
        Everything I make,

I only make for you  
Baby, be patient for me  
And please don't fall in love with someone new  
I promise, one day I'll come back for you Believe in you, believe in me  
We're meant to be together  
I told you weren't lyin', I know you aren't relyin'  
And now I am supplyin' you the time and spaceÂ  
To let you grow into the person  
That I know, that I know you could be  
And I can be one too  
And I'll come back to you,  
And I am ready for you, babyÂ I am ready for you now  
I'm not ready for you now  
Please don't hate me Everything I do,  
I'm gonna think of you  
Don't know what else to do  
You got me, you got me, baby  
Everything I make,Â I'm gonna make for you!  
Baby, be patient for me  
And please don't fall in love with someone new  
I promise, one day I'll come back for you I promise, one day, I'll come back to you  
I promise, one day, I'll come back to you  
I promise baby, one day, I'll come back to you  
I promise baby, one day, I'll come back to you
