Slow Dance (Acoustic)

Slow Dance
Patrick Britt

Ooh, when you got on that sun dress
You're a little hot mess, ooh.
The only thing I'm thinking about
Is when I put on that slow jam
Get to know your sun tan, mmmm.

Chorus
Tell me baby, can you slow dance?
Do you wanna stay up all night?
How bout' a little blues on vinyl,
Just the old style.
Are you ready for romance?
Sounds like it's been a while
Since you had a man treating you right
Do what you like whenever you wanna
Tell me baby, can you slow dance?

The moonlight on your skin
Makin' me jealous, I'm selfish.
When it comes to you
When I get home from work in the afternoon
Ready for you
And your bad self
Yes, it's true.
That I can't help asking

(Chorus)

With the lights low
And your hair down
Cause this living room ain't much
But it's enough
To spin you around

(Chorus)

Tell me baby, can you slow dance?

Tell me baby, can you slow dance?
