

Take It Easy Chicken

Mansun

I'm sick of this England's shit
It's slashing down, we are drowned
Star is here drinking beer
Star is scrawled on my wallCID, they follow me
I kidnap Star in my car
A TVR, we'll drive to Prague
And stop at Mars and we'll beTaking Star to L.A.
We'll drive to Vegas for the day
We want to sit in the sun
And take it easy, take it easyMum's got cake, belly ache
Feeling sick through Kuwait
Stole a tank, drove to France
Star's amazed, in a tranceM53 hit a tree
Crashed my car, I killed Star
Stowaway on a ship
Dodge the pigs, what a tripTaking Star to L.A.
We'll drive to Vegas for the day
We want to sit in the sun
And take it easy, take it easy
Take it easy, take it easy
Take it easy, take it easy
