

# Danger Is Go

## Powerman 5000

Go, go, go, go, go  
Danger is go!  
Go, go, go, go, go  
Danger is go! Faithless, hopeless, needless, excess  
Fear this, find this, fill this reject  
Build and burn and break this down  
The helpless only make this sound Go, go, go, go, go  
Danger is go!  
Go, go, go, go, go  
Danger is go!  
Come on You wanted, you wanted, you wanted danger  
You needed, you needed, danger, danger  
You wanted, you wanted, you wanted danger  
You needed, you needed, danger, danger Go, go, go, go, go  
Danger is go!  
Go, go, go, go, go  
Danger is go! Sickness, quickness, gutless, respect  
Fallen, frozen, fashion reflect  
Turn and twist and tear this down  
The soulless only make this sound You wanted, you wanted, you wanted danger  
You needed, you needed, danger, danger  
You wanted, you wanted, you wanted danger  
You needed, you needed, danger, danger Go, go, go, go, go  
Danger is go!  
Go, go, go, go, go  
Danger is go! Go, go, go, go, go  
Danger is go!  
Go, go, go, go, go  
Danger is go! You wanted, you wanted, you wanted danger  
(Build it, burn it, break it down, build it burn it)  
You needed, you needed, danger, danger You wanted, you wanted, you wanted danger  
(Build it, burn it, break it down, build it burn it)  
You needed, you needed, danger, danger You wanted, you wanted, you wanted danger  
(Build it, burn it, break it down, build it burn it)  
You needed, you needed, danger, danger You wanted, you wanted, you wanted danger  
(Build it, burn it, break it down, build it burn it)  
You needed, you needed, danger, danger Liar, liar, liar, liar  
Liar, liar, liar, liar
