

Just Ain't Gonna Work Out

Mayer Hawthorne

Dont wanna see your tears
Baby it'll be ok
Dont wanna see you cry darlin'
No way! (ooooh)
But it just dont feel the same
(just dont feel the same)
I know what youre about
(I know what youre about)
And I guess that I dont love you anymore
And Im sorry, but it just aint working outIm sorry it just aint gonna work out
(just aint gonna work out girl)
(repeat)Dont want you to be sad girl
Dont want you to be afraid
I know that will you understand my ways
One day! (oooh)
No need to be upset girl
(you just dont understand)
Please dont scream and shout
(Please dont scream and shout)
I know that you were hearing wedding bells
But Im sorry
'Cause it just aint working outIm sorry it just aint gonna work out
(just aint gonna work out girl)
(repeat)
