She Want Me

King Louie

Yeah, yeah, gal just waan me get close
And she want me deal with her case
Late at night when it lonely
She say she waan feel my embraceGal say she want me, she want me, she want me
She call S.P. fi come start the party and
She want me, she want me, she want me
Fi run come deal with her bodyGal say she want me, she want me, she want me
Fi bend up her body just like pilates and
She want me, she want me, she want me
She call me the dagger daddySo when me stand up and
Get ready fi di marathon, gal, get gallop on
She call me stallion
Dagger don she want no other manThat's why she follow me around and tag along
String along every note weh she sing along
She mi a di king and I'm blessed with the thing
And I'm willing and I am very able
She waan fi ride the cable, yoShe don't care if its three o'clock
Inna di morning when she waan play
She call, she text me, she waan gets next to me
