

# Mr. Pitiful

## j. period

Oh Mr. pit  
Oh Mr. pit  
Mr. Pitiful  
Who let you down?  
Who let you down?  
Who let you down?

You still don't believe  
You don't believe  
You don't believe  
That greed's for a show  
Your soap box unfolds

But, please come down from that cloud  
You see at all I don't expect you to admit that you were wrong  
Just wanna know how you've been  
Don't make me feel bad that we're still friends  
Started it all over in my bed

I hope that you see through your picket  
I hope that you see through your big yard and white picket fence  
To make amends, to still be friends, to still be my friend

So where did you go?  
Where did you go?  
Where did you go?  
While I was out  
While I was out  
While I was out

Well I don't believe  
I don't believe  
I don't believe  
Everything was seen

And if you don't like the movie then quit at me

But, please come down from that cloud  
You see at all I don't expect you to admit that you were wrong  
Just wanna know how you've been  
Don't make me feel bad that we're still friends  
Started it all over in my bed

I hope that you see through your picket  
I hope that you see through your big yard and white picket fence  
To make amends, still be friends, still be friends, to still be my friend, still be my friend, still be my friend
