Voices

Toxik

These voices in my head they say
Just what they want to say
They taunt me in my sleep
They want me to kill their way
Violent spirit inside of me
Many voices yell
From where, I can't tell
They seem to come from inside of me.

I try to shut them out
But then they really shout
They're ripping something from me
Evil thoughts possess my brain

Out, get them out, out,
Get them out,

Voices, Voices,
Voices, Voices,
Voices, Voices,
Got to get them out

These voices run my life
They make me walk out through the night
Vicious bidding I must do
Insane, I snuff the child's lights
Mind of death runs me now

Fight, claw, grasp (You won't know)
It's time to die (Till its to late)
God's first law (Wild eyed fiend)
But I defy (Seals your fate)
Voices tell me (Feel my hand)
How to kill (Around about)
I'm their tool (God please help)
I do their will (Get them out)

In my mind I'm still here
Unwilling monster disappear
I can't go on with this charade

From my wrists, blood cascades

Free from them, they're finally out
Out, get them out,
Get them out....
