

Say My Name (The Revenge Remix)

Holy Ghost!

I look back, I was wrong
If I could go back, I'd change it all
Quick-talker, midnight sun
For a moment, I forgot where I was I look back, I was wrong
If I could go back, I'd change it all
Take me up, and take me home
For a moment, I forgot who I was Deep breathing, innocence
Strange noises, line by line
New condo, far compressed
Fake crazy, text on glass Just because, and just because
For a moment, I forgot where I was [Repeat: x2]
Say my name, don't even look around
Say my name, when you feel like you're down
Say my name, and things are going to change
Say my name [Repeat: x3]
Walk out the door
Hold on, hold on, hold on
Even though you know you should
Walk out the door Cold strangers, airplanes
Blue diamonds, broken minds
Old child, ancient smile
Sweet mistake, stay a while
Lust language, left me dry
And bold moment, remember the time [Repeat: x2]
Say my name, don't even look around
Say my name, when you feel like you're down
Say my name, and things are going to change
Say my name [Repeat: x8]
Hold on, hold on, hold on
Even though you know you should
Walk out the door
