Bossy

JD McPherson

Did you win a black ribbon for breaking hearts?
I spent a night beneath the Baron Forks bridge 'cause you look so bossy
I saw the little secret on your vanity shelf
History is full of people like you
How's you get so bossy?
Every creeping thing that creep across the Earth spends a season in the freezing cold
A funny thing can happen when you've fallen in love
I get the feeling that I'm losing control
Did you win a black ribbon for breaking hearts?
I spent a night beneath the Baron Forks bridge 'cause you look so bossy
