

Same Road

Jandek

Walk on the same road
Walk down the same road every day
But don't let me fall prey
To the tired things all around
And when you don't know whether to fight or
Just then it happens
All these things that happen every day
Turn around and mix them up
Walkin' down the same road
Walkin' down the same road
Walk down the same road everyday [2x]
Every day
Walk down the same road [2x]
Walk down the same road everyday
