

Uck Foff

Willam

Fuck off
Fuck you
This is weird, I changed my number
Who the hell gave it to you?
Gonna block you, you better stop
Oh I swear Iâ€™ll tell your friends
When we hooked up I was a top

Fuck off
Cease and desist
My grandma said she never liked you
And I quote her:
Â«He is shit!Â»
Youâ€™re an asshole, I donâ€™t need two
You never gave me anything
Except for herpes and the flu
Thereâ€™s interference, youâ€™re cutting out
Can you hear me now?

Fuck and your stupid ass
Donâ€™t make me put your life on blast
Tell the world you fucked me
For my Netflix password
And no dick contest with
Two asians, you're third.

Fuck you and your stupid face
â€˜Cause blowing you left off bad taste
In my mouth, I'm frankly is really fucked up
That you think you can text me
And just say Â«Whatâ€™s up?Â»

No, no, no

Fuck off
Leave me alone
Or Iâ€™m gonna be Naomi Campbell
And bit you with my phone
Fuck off
Just go to hell

â€~Cause your butt smell like a wet dog
Who works at Taco Bell
Itâ€™s no secret
That my career is running out of time

Fuck you and your stupid ass
Worst than last season's Drag Race cast
Itâ€™s like you're QVC
And I'm Amazon Prime
Bitch I'm Dom PÃ©rignon
Youâ€™re a warm Bud Light Lime

Fuck you and your stupid face
Your lube tastes like anchovy paste
It's like you're H&M and I'm real damn Balmain
And stop sending invites to those
Candy Crush games.

Lemme say ooooh
Ooooh
Ooooh fuck
Ooooh
Ooooooh
Not anymore

Fuck you and your stupid ass
Just try and have a little class
'Cause it's time for us folks to stop backing off
So don't snapchat me vids
Of you jerking off

Fuck you and your stupid face
Wish I could rewind and erase
Because I'm moving on.
And maybe you've heard
That I've change my mind
And Netflix password
Pay for yours

It's 9.99
