

One for the Road

Arctic Monkeys

One for the road, ooh ooh
One for the road, ooh ooh From the bottom of your heart
The relegation zone
I saw this coming from the start
The shake, rattle and roll
The cracks in blackout blinds
Cast patterns on the ceiling but you're feeling fine
I thought it was dark outside
I thought it was dark outside So we all go back to yours and you sit and talk to me on the floor
There's no need to show me round baby, I feel like I've been in here before
I've been wondering whether later when you tell everybody to go,
Will you pour me one for the road? I knew this would be on the cards
I knew you wouldn't fold
I saw this coming from the start
The shake, rattle and roll One for the road, ooh ooh So we all go back to yours and you sit and talk to me on the
floor
There's no need to show me round baby, I feel like I've been in here before
I've been wondering whether later when you tell everybody to go,
Will you pour me one for the road? The mixture hits you hard
Don't get that sinking feeling, don't fall apart
Some out of tune guitar
Soundtrack to disaster Ooh ooh, one for the road
Ooh ooh, one for the road
Ooh ooh, one for the road
Ooh ooh, one for the road So we all go back to yours and you sit and talk to me on the floor
There's no need to show me round baby, I feel like I've been in here before
I've been wondering whether later when you tell everybody to go,
Will you pour me one for the road?
