

# Realization and Reconciliation

## The Code

Sometimes I say things that I don't mean  
Sometimes the words come out wrong  
Sometimes I take things too far  
I haven't said I'm sorry in so long How does one reconcile what they regret?  
After all is said and done the parties done the dust sets  
In time I know things work out  
I'm sorry so sorry I know I let you down  
I let you down...[Chorus:]  
And I never wanna make that mistake again...  
True friendship is a bond you never wanna break  
But I can't take it back I can only...  
Make it up to you! Oh how many times have I sat here and sworn  
I'll stop tearing you down while our friendship I've scorn  
With my harsh words of judgment, condescending ways  
I'm sorry so sorry how could I make this mistake So humble so caring yet so demeaning and crass  
Friendship without trust is just a ship sinking fast  
I learned in my life what goes around comes around  
I'm sorry I've realized I just never want to let you down  
Like I let you down (Chorus 2x) If I had a button I could push (make it up to you)  
To take it all away I would (make it up to you)  
And I swear I wouldn't make that same mistake...
