Sea of Skin

Giles

Slide deep down waterslide glide, its tiem to recover your life. slipping the eclipse of sin, lets concentrate on the pin. Wonderland of beauty starring naked with our eyes. Fuck the sea of skin, control the roel of the matadors twin. Paradise spelled with ice, you cant think twice
Live with what you win, fuck the sea of sin, slide deep down waterslide glide, its time to recover your life, fuck the see of skin, control the role of the matadors twinYou wont know what to bring to the table, welcome to the fable of the ingrown navel.
