

What's a Man to Do

Usher

Listen, I'd be a liar if I told you that I didn't see it comin
Be more of a lie if I said hey, I didn't want it to be somethin
You deserve much better for the love that you have shared
I know you won't believe it but girl I swear That I got love for you, big love for you even when I'm trippin
The fact remains that you will always be my baby, my baby
But dig the truth, baby, dig the truth, I can't hide my feelings
Especially when the whole world can see That my heart is in two different places
I got you in my life and I wanna do right but it's hard to let it go
When my love has two different faces
And I can't break ties cause they both look right Someone tell me what's a man to do when he's lovin two?
And he don't wanna lie but he can't tell the truth
What's a man to do when he's lovin two?
But he can't keep this heart in two different places
In two different places I know you feel it cause you stated
There is much more to the story
But I'd be a fool to say I trust her
And I'm always gonna love her
You know that you don't wanna hear it I've been livin on the edge, baby
So I just say, yeah, baby
She ain't nothin but she is real
But why take her through it? When I still got love for you, big love for you even when I'm trippin
The fact remains that you will always be my baby, my baby
But dig the truth, baby, dig the truth, I can't hide my feelings
Especially when the whole world can see That my heart is in two different places
I got you in my life and I wanna do right but it's hard to let it go
When my love has two different faces
And I can't break ties cause they both look right Someone tell me what's a man to do when he's lovin two?
And he don't wanna lie but he can't tell the truth
What's a man to do when he's lovin two?
But he can't keep his heart in two different places
Not in two different places I wanna tell you it's over, that I ain't thinkin of her
I wanna really mean it and I want you to see it
That I'm really tryin to leave her behind
And I'm tryin not to make you cry
I wanna tell you that I ain't playin games
And I'm dedicated to receive a change
But when I look in the mirror it's the same old man That my heart is in two different places
I got you in my life and I wanna do right but it's hard to let it go
When my love has two different faces

And I can't break ties cause they both look right
Someone tell me what's a man to do when he's lovin two?

And he don't wanna lie but he can't tell the truth

What's a man to do when he's lovin two?

But he can't keep his heart in two different places

Not in two different places, not in two different places
