

Where I Stand (Karmon Remix) [feat. Lostcause]

Fabo

Kinda hard

When I don't see you.... every dayKinda hard

When I don't see you.... every dayKinda hard

When I don't see you.... every dayKinda hard

When I don't see you.... every dayKinda hard

When I don't see you.... every dayIt's Every Time I...I don't know where I stand

I don't know where to begin with you lady.

I don't know what to do I don't know what to say.....

Anymore to you, lady...I don't know what to do I don't know what to say

anymore to you lady...It's kinda hard

When I don't see you.. every dayI don't know where I stand

I don't know where to begin with you lady.

I don't know what to do I don't know what to say

anymore to you lady...Ohhhhhhhh...

I don't want to feel like this no more.

We're just lying to ourselves once more.We've got to move on we've got to go....

we can do this no more.Ohhhhhhhh...

I don't want to feel like this no more.

We're just lying to ourselves once more.We've got to move on we've got to go....

we can do this no more.oohhh oh oh oh oh oh ohhhhhI don't know what to do I don't know what to say

anymore to you lady...It's kinda hard

When I don't see you every dayIt's kinda hard

When I don't see you every dayIt's Every Time I...I don't know where I stand

I don't know where to begin..... with you lady.
