LA FIESTA

Havana Club

Gimme more heat
Gimme more heat
Everybody in the front now, whoot, whoot
Everybody in the back now, whoot, whoot
Everybody on the side now, whoot, whoot, whoo
La fiesta, whoot, whoot
All the ladies in the house now, whoot, whoot
All the fellas in the house now, whoot, whoot
Everybody in the house now, whoot, whoot, whoo
La fiesta
If I approach you correctly and step up to you respectfully
Will you please, ma?am, bless me with the next dance?
I don't intend to offend you, I only intend to befriend you
But you're willin' me, thrillin' me, killin' me
With them hot pants, not a chance
I'ma let you go without sayin' somethin'
A little hotter in the bottom, mama, that's all that I'm wantin'
No frontin' if it was illegal for you to be that fine
I be McGruff, mama, takin' a bite out of crime
Literally, first it'll be dancin' with me
Then it'll be dinner with me, then it'll be back to my crib
Hold up, I'm about to get ahead of myself and I'm playin' myself
The type of brother that when I'm thinkin' of stuff, I'm sayin' the stuff
My bad, back it up, let's start with a dance
On good behavior, maybe later, maybe your apartment, your pad
Sike, joke, walkin' a tight rope, my foot in my mouth
Look, all I hope is that you'll dance with me, what's up?
In the front now, whoot, whoot
Everybody in the back now, whoot, whoot
Everybody on the side now, whoot, whoot, whoo
La fiesta, whoot, whoot
All the ladies in the house now, whoot, whoot
All the fellas in the house now, whoot, whoot
Everybody in the house now, whoot, whoot, whoo
La fiesta, whoot, whoot
She was smilin', I was kinda wlyin', thinkin' I?m dialin' in
She gave me the impression she was gettin' my message
So I'm testin', I threw it out there, let me buy you a drink
'Cause when I buy you I think it'd be fly if we link, what you think?

She responded with a grin and a glance
With my eyes tryin? to seduce you to the forbidden dance
The body of a Latin goddess, sexy but modest
The hottest mami chula from Cuba, a cutie with promise
The other night I seen her dancin', duty was over
She did a split into a spin and put her leg on his shoulder
And he was over, if that was me and I was he
We'd probably still be dancin', mami, can you feel me?
Still she said nothin', why she be frontin'?
Never seen another mami move like you
Groove like you, I'm sayin' I wanna dance with you
What's up?
In the front now, whoot, whoot
Everybody in the back now, whoot, whoot
Everybody on the side now, whoot, whoot, whoo
La fiesta, whoot, whoot
All the ladies in the house now, whoot, whoot
All the fellas in the house now, whoot, whoot
Everybody in the house now, whoot, whoot, whoo
La fiesta, whoot, whoot
To me when I'm dancin' it's aphrodisiatic
It's automatic that I look in your eyes to help emphasize
Some people dance socially not emotionally
Closer to me, come on close as you can be
Can you feel me? Come on, mama, cut me no slack
Can you feel me? Come on, mama, forward and back
Can you feel me? Come on, mama, hard as you can
It's part of the plan, it happens when you start with the man
On your mark, ready set, baby, let's go
Baby, let's flow, baby, let go, baby, no, no
Got a lot more, lettin' it rip
Gimme some of that, yeah, that's it
Sweatin' with me, gettin' it wetter with me, it's better with me
Gain it, other girls that I?ve dated ain't famous, so take it or leave it
Just the way that I eat it, I bring, I swing it
So you like dancin' with me, what's up?
In the front now, whoot, whoot
Everybody in the back now, whoot, whoot
Everybody on the side now, whoot, whoot, whoo
La fiesta, whoot, whoot
All the ladies in the house now, whoot, whoot
All the fellas in the house now, whoot, whoot
Everybody in the house now, whoot, whoot, whoo
La fiesta, whoot, whoot
Everybody in the front now, whoot, whoot

Everybody in the back now, whoot, whoot
Everybody on the side now, whoot, whoot, whoo
La fiesta, whoot, whoot
In the front now, whoot, whoot
Everybody in the back now, whoot, whoot
Everybody on the side now, whoot, whoot, whoo
La fiesta, whoot, whoot
All the ladies in the house now, whoot, whoot
All the fellas in the house now, whoot, whoot
Everybody in the house now, whoot, whoot, whoo
La fiesta
Whoo, la fiesta, whoo, whoo
Whoo, la fiesta
