Only Thing

Tammy Wynette

I've made many mistakes in my lifetime
The foolish things I've done have might been few
But the only thing, I've ever done worth doin'
Is fall in love with youI've wasted many a tear in my lifetime
On foolish dreams that never could come true
But the only thing, I've ever done worth doin'
Is fall in love with youBecause of you, I changed my way of livin'
Because of you my life has changed a lot
The only thing worth havin' is worth givin'
The best of everything you've gotI've wasted many a day being lonely
But now I know my lonely days are through
'Cause the only thing, I've ever done worth doin'
Is fall in love with youYes, the only thing, I've ever done worth doin'
Is fall in love with you
