Hey, Iâ€™m gonna tell about this
This story about love of men
Yeah, yeah, my baby, baby

Hot times, when you open my eyes to me
All my lifetime, all I need is you
Even if you shake me and make me suffer,
you are my only person
Who I canâ€™t help but acknowledge

Even if Iâ€™m tired of reality and fight it
This world definitely isnâ€™t easy
Since Iâ€™m a man, I suppress it all, I endure it all
I donâ€™t wanna be there
Iâ€™m lonely and sometimes scared
and I donâ€™t even know the reason why

Iâ€™ve changed after meeting you,
Iâ€™m no longer afraid or hurting
I live each day in anticipation,
since itâ€™s you, Iâ€™m okay

(Hey girl, listen)

Hot times, when I still your lips
All of my heart turns to white ashes
Even when I spend the night up
I was thirsty so I couldnâ€™t stop myself

Hot times, when you open my eyes to me
All my lifetime, all I need is you
Even if you shake me and make me suffer,

you are my only person
Who I can't help but acknowledge

I come to know you more and more,
even if I become blind
I would still be able to find you right away
Your scent (Do you know)
and your body heat (What I'm saying?)
Will fill this space completely

I don't want to pretend, I want to be truthful
I'm even okay with being a slave if it's by your side
Even if you make fun of me for being a fool
I'll promise you, I'll stay with you
No matter what my reason. baby

Hot times, when I still your lips
All of my heart turns to white ashes
Even when I spend the night up
I was thirsty so I couldn't stop myself

Hot times, when you open my eyes to me
All my lifetime, all I need is you
Even if you shake me and make me suffer,
you are my only person
Who I can't help but acknowledge

This time I spend with you,
the countless kisses that I give and receive
Let's never break up
(Let's never ever be torn apart)
Let's not walk through the Deoksu Palace stone wall path
Let's not open our eyes when we kiss
Let's not walk when we link our pinkies
I never want to test our beautiful love

Yeah, yeah, yeah, my baby
That I miss you even when you're beside me
That my heart burns just at the thought of you
That I shed tears from the words "I love you"
By being on my side and trusting me is love

Hot times, when I still your lips
All of my heart turns to white ashes
Even when I spend the night up

I was thirsty so I couldn't stop myself

Hot times, when you open my eyes to me
All my lifetime, all I need is you
Even if you shake me and make me suffer,
you are my only person
Who I can't help but acknowledge

(Ohh)

Let's not walk through the Deoksu Palace stone wall path
Let's not open our eyes when we kiss
Let's not walk when we link our pinkies
Let's never never test our love
Let's never test
Yeah
