

# Clear Skies (LIVE on 5/24/2010)

Keane

High in the bell tower  
I took my view  
Over the downtown and the avenues  
Where the streets are wide  
And the people thrive  
And it's further to fall down  
Cos you fly so high I've never seen such beauty  
I've never seen such clear skies  
I've never seen such high hopes  
I've never seen such tired eyes And I wish that I could be  
Everything you are  
Everything you are Down in the delta  
The city wakes  
Turns on the TV  
As the levy breaks  
Where the streets are burnt  
By the summer sun  
And there's nowhere to run to  
When your time has come I've never seen such beauty  
I've never seen such clear skies  
I've never seen such high hopes  
I've never seen such tired eyes Ah loops up piece by piece  
Sunlight's watching over me  
Take my pills on a winter sleep  
I send myself to sleep And I wish that I could be  
Everything you are  
Everything you are (oh oh oh)  
And I wish that I could see  
The world the way you do  
As selfishly as you And I wish that I could be  
Everything you are  
Everything you are  
And I wish that I could stay  
My faith you way you do  
As certainly as you Clear skies gonna fall on you  
Clear skies gonna fall on you  
Clear skies gonna fall on you  
On you, on you Clear skies gonna fall on you
