

# How Would You Like to Be

## Elvis Presley

How would you like to be?  
A little circus clown  
And you could wear a smile  
Instead of a frown  
How would you like to be?  
A little kangaroo  
A-hoppin' up and down  
And I could hop with you  
Come on and smile a little, smile a little  
hop a little, hop a little,  
Smile a little, hop a little bit with me  
Come on and smile a little, smile a little  
hop a little, hop a little,  
Smile a little, hop a little bit with me  
How would you like to be?  
A little buzzing bee  
And instead of a tree  
You could buzz around me  
How would you like to be?  
A little mocking bird  
And you can sing me songs  
Like I never heard  
Come on and buzz a little, buzz a little  
Sing a little, sing a little  
Buzz a little, sing a little bit with me  
Buzz, buzz, buzz a little  
Do re mi a little  
Buzz a little, sing a little bit with me  
How would you like to be?  
A little baby bear  
And you can hug me tight  
Any time you care  
How would you like to be?  
A little dancing doll  
And you could dance with me  
Everytime I call
