

Angel In My Heart

Jump5

I heard a whisper that touched deep inside my soul
Like some familiar melody
A hidden chapter from a story left untold
I gotta feeling, I could believe in
There is an angel in my heart
Feels like I'm guided by a candle in the dark
It's taken all this time
To finally find out what I could never see
You were there for me
Now there is no doubt that there will always be
An angel in my heart
You were the friend, you were the one I could confide in
You gave me strength that I could never find
Deep emotions that I've always been denying
I believe in, it's so close now, it's you that I'm feeling
There is an angel in my heart
Feels like I'm guided by a candle in the dark
It's taken all this time
To finally find out what I could never see
You were there for me

Now there is no doubt that there will always be
An angel in my heart
Finally found what I've been searching for
All my life
It was right before my eyes
Oh, you are my angel
I know you'll always be there
You are my one and only angel
To finally find what I could never see
You were there for me
Now there is no doubt that there will always be
An angel in my heart
There is an angel in my heart
Feels like I'm guided by a candle in the dark
It's taken all this time
To finally find out what I could never see
You were there for me
Now there is no doubt that there will always be

An angel in my heart
