Lovin' You's a Dirty Job

Ratt

I woke up in the mornin', I'm still flat on my back
Couldn't move a muscle like I had a heart attack
The night was wild and woolly didn't think I'd make it through it
'Cause lovin' you's a dirty job and I'm the man to do itLovin' you is a dirty job
Lovin' you is a dirty jobYou put me through the ringer and hung me out to dry
You licked me off your fingers just like a piece of pie
You break my heart in pieces but I've got the glue to glue it
Girl lovin' you's a dirty job and I'm the man to do itLovin' you is a dirty job
Lovin' you is a dirty job
Lovin' you is a dirty jobGirl lovin' you's a dirty job and I'm the man to do itI'm gonna hold you till the end of time
(End of time)
I'm gonna love you 'cause it's now or never
I'm gonna kiss you till I make you mineLovin' you is a dirty job
Lovin' you is a dirty jobI'm gonna hold you till the end of time
(End of time)
I'm gonna love you 'cause it's now or never
I'm gonna kiss you till I make you mineLovin' you is a dirty job
Lovin' you is a dirty job
Lovin' you is a dirty jobGirl your love is thicker than mud
And you're trying to drag me through it nowLovin' you is a dirty job
Lovin' you is a dirty job
Lovin' you is a dirty job
