Teenagers

Paramore

I'm gonna go on
Living like I never met you
And it will feel wrong at first
But I think I can forget you
Ignore the fact that we sleep no more then 3 feet apart
I feel you now your all around me, underneath me
You're all around me, underneath meWell how was I to know
That what we carved in stone
Would be so temporary
Well how was I to know
That my first crack in love
Would not be the last
Wont be the lastIt's in the air now
Bitter tears and broken hearts
We're Teenagers we count the years, we think were smart
But were not, we don't know anythingSo don't ask me where I'll go
Cause frankly I don't know
And I don't give a shitWhy must we all make sense
Oh I just wont make sense
For once I'm just gonna live
I'm just gonna liveTeenagers (we don't know anything)
Teenagers (we don't know anything)
OohhhhhWell how was I to know
That what we carved in stone
Would be so temporary (I'm gonna go on)
Why must we all make sense
Oh I just won't make sense
For once I'm just gonna live
I'm just gonna live
